

MEMORANDUM.

From **F. R. PHILLIPS,**  
 Tin Plate Manufacturer,  
 Tin Plate and Metal Broker,  
 No. 200 WALNUT PLACE,  
 PHILADELPHIA.

To Colonel O. C. Bosbyshell  
Mint of The United States  
Phila.  
March 20th. 1893.

TIN PLATE MACHINERY; MOREWOODS (IMPROVED) S ROLL TIN SIDES; JENKINS, LEWIS & PHILLIPS' PATENT TIN AND CLEANING MACHINES;  
 MILLBROOK & GREY PATENT PICKLING MACHINES; BLACK PLATE, TIN, LEAD PALM OIL;  
 CHILLED AND STEEL ROLLS; MUSHETS' STEEL AND ZERO METAL

Dear Sir.

I hardly like to appeal to you again so soon to know if you can relieve me of the 2 Pairs Hardened Steel Rolls, I have Wharehoused & insured at The Phila. Warehouse & C.S.Co.; only that I called on Mr. Steele one day and he said they really need them, if you would order them in.

I have paid for them and they are guaranteed & Mess. Trethewey say they are (that is the last 6 pair) the best Rolls they ever made and you will surely need them. It would be a great relief to me, my Tin Plate Plant cost more than I expected & when I paid for the Rolls did not expect to be out so long.

I fully realize I am asking a great favor, as you are under no obligation, but, if you will grant it; will do my utmost to make it good. If there should be any change, "I hope not," I should be afraid, although my New York friends have tremendous influence with Secty. Carlisle but would'nt ask a thing like this, though they could on a more import<sup>ant</sup> matter.

Yours Very Respectfully *F. R. Phillips*
